THE CLASS OF 2013 IS TOTALLY HYPED TO DEDICATE THE 2013 PROCTORIAN TO OUR DYNAMIC SCIENCE DUO

MR. JOHNSTONE & MS. WEHOF

Anyone who knows the Class of 2013, knows that we don't accept change very well. Enter Mr. Johnstone and Ms. Wehof our junior year... TWO new science teachers in ONE year!! What could have been horrible turned out to be incredible!! Mr. Johnstone and Ms. Wehof quickly adapted to the Proctor Bubble and we adapted just as quickly to them.

Why? Their energy and enthusiasm about science make learning interesting, yet challenging. They find ways to connect learning to topics students can relate to, and create experiments that hook their students right in. Both are involved in student life; chaperoning field trips and leading various school activities. Mr. Johnstone's back flips, sense of humor, and dissections make learning interesting and fun. Ms. Wehof's love of cheese and wise words (#wisewordsofwehof) will stay with us all Bio students forever. Both of these teachers provide a fresh new outlook on science that makes students eager to take science classes and pursue fields in science. We think Proctor is lucky to have them! Thanks for making a big difference in our high school experience!

NOW!

AND THEN!

Class Prophecies

Stephannie Babcock: While in school to become a Vet Tech, she continues to volunteer at the Humane Society. She fosters kittens when they first arrive and can't help but take them all in forever!

Abby Bloney: Late nights at EMT class seem more worth it than ever when she glides through the physical therapy program at the University of Tennessee at Chattanooga!

Allyson Bradley: Cosmetology schooling pays off when she is hired to be a hair stylist for the Radio City Rockettes and she never has to worry about spelling anything correctly ever again!

Adrianna Burnham: Her love for art allows her to become a renowned art therapist and she spends her days helping her patients work through their problems through art.

Kolton Bussard: Years of drinking coffee pays off when he is hired and is actually paid to test all the coffee he wants, while still finding time to raise his pet tiger!

Megan Carter: After nearly drowning from a scratch-and-sniff sticker incident at the bottom of a pool, she plans revenge on her classmates. Seemingly friendly, she invites them to her dental practice and overcharges them, even for a cleaning.

Olivia Cipriani: After landing a job at Boston Ballet, Cip da Rippah becomes a Twitter sensation (with the official blue check) due to the ridiculous amount of times she is caught Snapchatting in public.

John Connell: His love for Sunny-D gets him hired as a marketer for the company, and he finds himself making commercials that are aired on ESPN during halftime of his soccer games with Real Madrid.

Ashley Cook: After 4 years of playing/striker for the UNC women's soccer team, she goes on to dental school and opens her own practice where she attracts patients because of her world-known sarcasm.

Haley Corliss: Her love and knowledge of sheep through the past eighteen years leads her into a career of biology and animal science.

Simeon Crossman: After winning the 15th season of TV's "Hell's Kitchen", he decides to try something different and goes into the automotive refinishing, where being a perfectionist certainly pays off.

Cody Denko: Cody takes his singing career to the next level by auditioning for "The Voice". With such a unique voice, he wins it all and launches his first world tour at Madison Square Garden.

Cody Dion: Stafford gives Cody the push he needs and after graduating the program he opens his own auto shop, Cody's Refinishing and Reconstruction!

Kyle Dion: He becomes a blacksmith who designs fireplaces, and his love for his job makes him happy forever after.

Carissa Elrick: After years of tweeting Ellen DeGeneres non-stop, Ellen finally invites her on her show. In typical Ellen style, she surprises Carissa with the appearance of Skylar Diggins who offers her a game of one-on-one, where Carissa wins! Best day of her life, everrrrr!

Jared Gintof: Thanks to years of reading his own handwriting, "Pewid" gets hired to read essays on the SAT's that are written so sloppily the scorers can't understand them.

Gabrielle Guastamachio: After getting her nursing degree she lands a job in Florida as a neonatal nurse so she can pursue her second love, tanning, and when she isn't saving babies lives, she is living her dream on the beach!

Kimmy Guyette: Her big heart and love for kids leads her to become a P.E. teacher where she can still expend all of her energy while sharing her passion with others.

Teresa Isabelle: While in California for her entrepreneurship program, she meets up with L.A. Reid who recognizes her voice from a YouTube video of the Proctor Variety Show and signs her for a record deal!

Erin Keefe: She starts a campaign to try and prove that 'gingers do have souls', but it takes a turn for the worse when she starts interrupting her own campaign with random outbursts that don't have anything to do with her cause.

Charissa LaPlant: Working with patients while volunteering at the hospital sparks an interest after high school and she decides she wants to continue working and interacting with others, this time as a Parole Officer.

Kylie Sherwood: After coming back from her first year with the Dallas Cowboy Cheerleaders, the entire town of Proctor goes deaf from her high-pitched squeal and she takes over the town with hundreds of Shih-Tzus.

Bradley Mullan: Brad stars on Comedy Central as a stand-up comedian. He starts off his act wearing a long blonde wig singing Shania Twain's "Man I Feel Like a Woman", an act that never gets old!!

Jaron Mullan: Thanks to years of personal hunting experience, Jaron becomes a hunting guide in Vermont, showing tons of hunters all the best spots. His tours become known nationwide because no hunter ever leaves without a deer!

Jackie Ojala: After sleeping through her twenties, Jackie wakes up feeling more refreshed than ever. She has already graduated med school and starts working on cadavers, where she doesn't have to try too hard to make conversation.

Devin Parsons: Thanks to years of experience, Devin becomes a personal trainer and changes hundreds of lives with his new workout program. After a few years of non-stop GTL, Pauly D. asks him to be part of the Jersey Shore house!

Ryan Petrini: Determined to never make a "Bored..Text me." Facebook status again, he goes on a mission to become the real Superman and along the way, furthers his quest to own every pair of Nike shoes the world has ever seen.

Hunter Pockett: Sick of being known as the quietest member of the class, Hunter becomes a much sought after doctor, known for his never-ending conversation with patients.

Andrew Potter: After completing the Electrical & Plumbing program at STC, he spends all of his free time hunting in the woods where he is filmed for the show "Man vs. Wild".

Ashley Sicely: She makes her own fashion line, selling clothes for young teenagers who love pink and sequins!

Nicole Valach: After finally figuring out what M-U-D stands for, she dances her way through med school and becomes the next Meredith on Grey's Anatomy- proving her superlative- that she IS the 'most likely to become famous'!

Sarah Wade: Her world renowned work ethic puts her in a tough situation where she is forced to choose between a high-end job in journalism or medicine. She chooses both!

Claire Wetmore: The skills she's mastered at Stafford allow her to construct her own barn, where she starts her very own Equestrian Club!

Robin Williams: His creativity pays off after he graduates from Mass Art when Blue Sky & Pixar fight to add him to their design team. Preferring Ice Age to Toy Story, he signs with Blue Sky where he unleashes his creativity on the world, becoming the Walt Disney of his generation.

HIGH SCHOOL BAND

This year's band is a combination of high school and middle school students. The students work on a variety of pieces throughout the year performing concert, jazz, and marching music. The band participates in the Halloween, Loyalty Day, All-State and Memorial Day parades. This year they took home the Mayors trophy and won "Best Costumed Marching Band" in the Halloween parade with their rendition of Yellow Submarine by the Beatles. The band also performed for senior citizens at the Godnick Center in Rutland. Band is taught by Mr. Audet.

Rock Climbing

Left to Right: Fischer Pockett, Emilee Dupuis, Ms. Wehof

This was the pilot year for a new Rock Climbing team at PHS. Indoor rock climbing is a team sport in which the climbers need to correctly and completely climb specific routes using only certain holds. The climbs are worth different amounts of points depending on their difficulty. Climbers on the team pool their best four climbs to get their team score. This year's team started with the basics and worked their way up to intermediate and even some expert climbs by the end of the season. Students are also planning an outdoor climbing trip at the end of the year to gain even more experience. The Proctor Rock Climbing Team is coached by Ms. Wehof.

Student Council

The Student Council is our connection between the school administration and the entire student body. This group plans activities that benefit our school and local community. All grades elect two representatives to vote and make decisions on behalf of their classes. The group is advised by Mrs. Dowling.

Spanish Club

Spanish Club provides students with opportunities to explore and enjoy the Spanish language, as well as the cultures of various Spanish-speaking countries. Activities, which offer linguistic and cultural enrichment, are student-driven and include watching foreign films, holding discussions (both in English and Spanish), experiencing ethnic cuisines, and other student-chosen endeavors. Spanish Club is open to all students. Many members of the Spanish Club are taking the opportunity to travel to Puerto Rico over April break to get first hand exposure to Spanish culture. Spanish Club is advised by Mrs. Garcia.

Model United Nations

In January ten students, some returning and some new, traveled to Yale University in New Haven, Connecticut with Mr. Laramie and Mr. Mott to attend Model United Nations. PHS students represented the country of Bulgaria as they attempted to solve world problems. They discussed how to jumpstart the Palestinian Israeli peace talks, how countries would determine peaceful uses of outer space in the future, and how the world will come to grips with global conflicts.

Rock Band

The Rock Band plays a variety of rock music from different eras. They perform concerts for the general public, at area schools, and at various venues. This year, in addition to performing at the WR Town Hall Theatre with WR's Rock Lab, our Rock Band joined them to perform in Rutland at the "Making Strides Against Breast Cancer" walk-a-thon. Rock Band is taught by Mr. Audet.

Boys State / Girl State

Each summer, the American Legion sponsors Boys State and the American Legion Auxiliary sponsors Girls State. Delegates are selected based upon scholarship, leadership, character, service, and interest in government. Boys State took place at Lyndon State College and Girls State took place at Vermont Technical College. While there, students participated in a week-long mock government and connected with other students from around the state.

Phantom Theatre consists of students interested in drama in grades 7-12. This year, Phantom Theatre isn't competing in the one act play festival but we're hoping to see a local performance of their one act play they've been working on. The Phantom Theatre is advised by Mrs. Leblanc.

NATIONAL HONOR Society

Membership in the Redfield Proctor Chapter of the National Honor Society is the highest academic honor the faculty can bestow upon students in grades 11 and 12. Students must demonstrate excellence in scholarship, leadership, service, and character. Members of the NHS complete both group and individual service projects throughout the year. Group projects include food drives, conducting the Winter Carnival penny war, and hosting a blood drive. The NHS is advised by Ms. Wehler.

Upward Bound

Upward Bound is a program funded by the federal

government that offers a challenging pre-college experience to high school students with academic potential. Students participate in the program at Castleton State College. The goal of the program is to help students get a general idea of what college life is about. Students meet regularly during the school year for tutoring and once a month as a whole group with students from other schools. During the summer, students participate in a 6-week residence at Castleton State College.

Left to Right: Jacob Webster, Adrianna Burnham, Paige Farley.

Middle School Peer Leaders

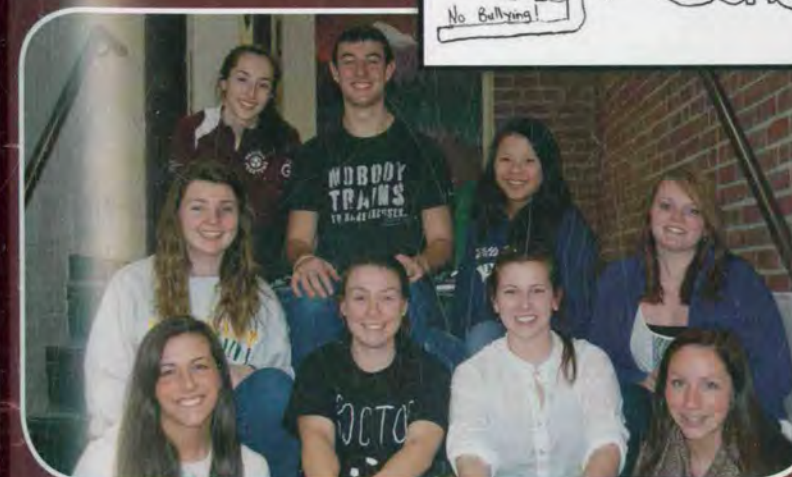

Middle School Peer Leaders consists of middle school students who are committed to making healthy choices and encouraging others to do so as well. These students help with "hat day" to benefit St. Jude's, selling shamrocks for muscular dystrophy, the "Toys for Kids" campaign, and several other school-wide activities. The group is advised by Mrs. Esslinger.

Back Row: Mrs. Esslinger. Front Row: Marie Roberts, Melissa Fitzgerald, Matt Okerman.

Peer leaders focus on many different issues including bullying, harassment, making healthy decisions, drug, alcohol, and tobacco prevention, and driving safety issues. They perform community service for the school and community, put on "hat day" to benefit St. Jude's, and sell shamrocks for muscular dystrophy. They are advised by Mrs. Molner.

**Elisa Ramos
& Victoria Dominguez**

Elisa: Everyone lives in houses and people have swimming pools. There are a lot of trees compared to the city. It doesn't matter how you dress here, you can wear sweatpants and be accepted. In the city, you can't!

What surprised you most about Proctor?

Victoria: It's so small and there aren't a lot of stores to shop at around here so people travel just to go shopping! People don't dress up often and only older people are into religion.

What do you miss most about home?

Elisa: Food, friends, family, the beach, good weather! PARTIES, PARTIES, PARTIES!

Victoria: PARTIES! I also miss my family, friends, my dance class, and real food.

What are the biggest differences between Proctor and your school at home?

Elisa: Here, a lot of students have respect for the teachers and back at home barely anyone has respect for them. Proctor has a dress code, and we can wear whatever we want. In Proctor, you move class to class but in Bilbao, the teachers come to you and you are in the same room all day.

Victoria: My school is a Girl's Catholic school; we have uniforms, we don't have lockers, and you can't eat or drink anything in class.

Have you discovered any new foods?

Elisa: Boxed food like macaroni and cheese and potatoes, peanut butter, crackers, chocolate chip cookies and my favorite: pancakes and maple syrup.

Victoria: Chocolate chip cookie dough ice cream, real maple syrup, and meatloaf, but I don't like it.

What is the biggest cultural difference you have found?

Elisa: The way we dress. In Proctor you hug more than you kiss, everyone knows everyone, and everyone has their own personal space.

Victoria: In Mexico when you see someone you know you hug them and here you just give a head nod. Everyone here is so proud of their country and I didn't realize how much I love my country until I came here.

What are some of your favorite memories of your time in America?

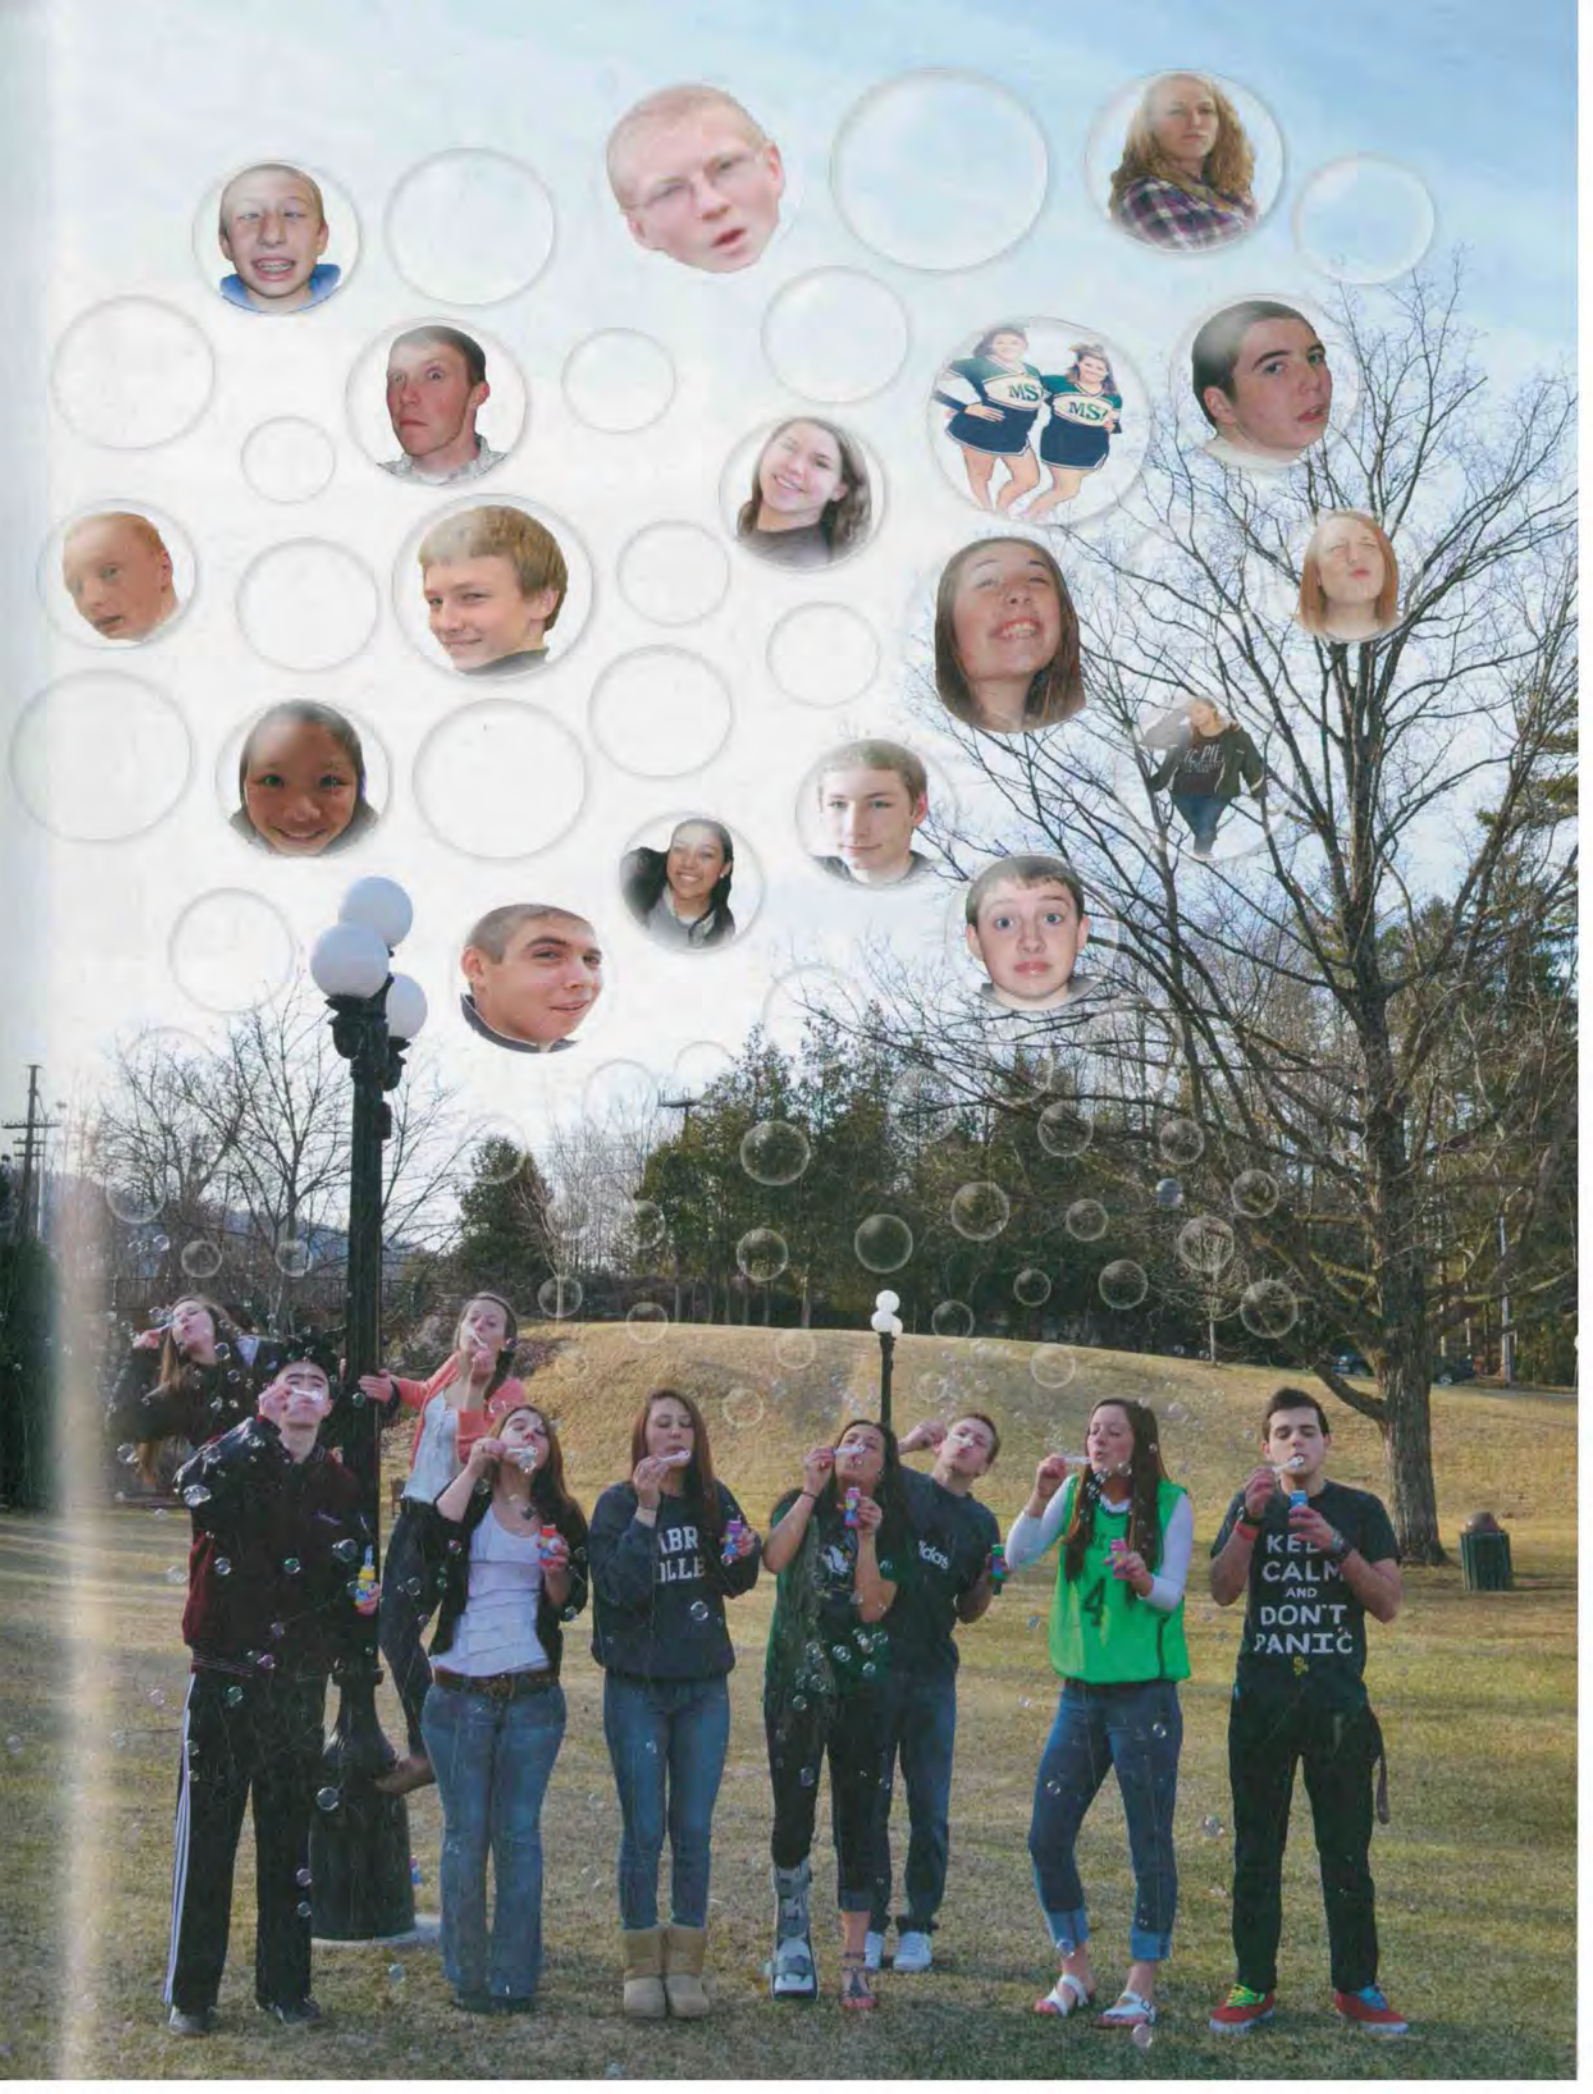

Elisa: Sledding, cheerleading, and trick-or-treating

Victoria: Going to NYC, Thanksgiving, Christmas, basketball, winter carnival, apple picking, Halloween and carving pumpkins.

Is there anything about the United States that you will miss when you go home?

Elisa: I will miss my host family, friends, the snow, and cheerleading.

Victoria: Friends, eating in class, my host family, Rebecca & I having Bieber fever together, chocolate chip cookie dough ice cream, cool weather and snow, school, and Mr. Mott.

Proctor: Small town, BIG SPIRIT

The Lady Phantoms finished their season with an overall record of 13-0-1. The ladies came out strong at the beginning of the season, and dominated their opponents. With five experienced captains leading the team, they won the Black River Invitational, the classic game against Black River for all the marbles, and clinched the MVL C Division title for the second year in a row. The Lady Phantoms were a very well rounded team with 12 different girls scoring for a total of 85 goals during the season, while holding their opponents to only 11 goals, including 10 shut-outs. The ladies made it to the Vermont State Championship game. Facing Black River for the 4th time this season, it ended in an unfortunate loss to the Presidents. The team was coached by John Ojala and Tom Valach. The team will miss graduating seniors and captains Megan Carter, Ashley Cook, Carissa Elrick, Jackie Ojala, and Nicole Valach.

Led by 4 outstanding seniors, this team had a special camaraderie, great character, dedication, and the ability to rise to every challenge that was presented to them. What they lacked in size they made up for in quickness, athleticism, and toughness. Even though their final record was 10-11, it doesn't reflect the accomplishments and excitement this team gave the town of Proctor throughout the season playing the toughest schedule in Division 4. Highlights include an overtime thriller in Woodstock, a huge early season upset of Leland & Gray, and an exciting shoot out on Senior Night to beat Poultney. The Phantoms were coached by Jake Eaton and assisted by Rick Eaton. With a bulls-eye on their back all season, the Lady Phantoms finished with a 17-2 record, tying West Rutland as MVJ Champs and brought home their second straight Div. IV state championship! Highlights of the season include winning the MSJ Holiday Tournament, hosting the Rice Knights - the 12-time Div. I champions, and raising over \$3300 for the Paul Wager Benefit Fund in their Lady Phantoms vs. Cancer game. After comfortably beating Cabot in the playoffs, they battled for a win against MSJ in the quarterfinals. Returning to the Barre Auditorium, or "Oz" as they've nicknamed it. There the ladies defeated Danville to punch their ticket to the finals to face Arlington. Their hard work and determination paid off when the final buzzer rang and the Phantoms were on top 55-38, becoming back to back champions! The JV girls ended their season with a record of 11-2. With many new members, some playing competitive basketball for the first time, and playing a Div-3 schedule, it was exciting to see a whole new group of girls work hard as a team. Highlights of the season include a memorable win against experienced Black River right at the buzzer and playing tough until the end against Div.1 Rice. With a relatively young team they look forward to continued success and wish graduating senior Adrianna Burnham success in her future. The team was coached by Jacob Tanner.

The JV boys ended their season with a record of 7-10. They were a great group of boys to coach. The team worked hard and continued to develop their basketball skills throughout the season. Their work ethic helped them beat rivals West Rutland both times in front of packed houses. It was a very good year for this team considering their tough schedule. They made great strides which should have Proctor excited for the future. The team was coached by Chad Fox and assisted by Greg Fuller.

"This is a fun group that works hard," Eaton said. "They have great character."

Dissecting In Science

Meat Anyone?

Mr. Johnstone's Anatomy and Physiology Class got to dissect deer parts; from the heart to the liver and almost everything in between!

Seniors Geocaching

Winners!
The senior class was introduced to geocaching, a world-wide scavenger hunt, during a NECAP testing alternative activity. They discovered that there are Geocaches located all over the world, some in walking distance from PHS! 3 groups competed to find the prize using GPS coordinates and a few clues. While the rest of the class scrambled, near by, Cody, Kimmy Hunter, and Devin found the cache, no bigger than a pill case, and added the PHS Class of 2013 to the list inside the capsule.

S.A.D.D. Mock Party

Teens Are Busted At Hotel Party!

It may look like that but in reality, Charissa LaPlant and Tyler Goodhue joined other area teens to help train new cadets in Middlebury. In a simulation mimicking real life, teens were placed in a hotel room with other teens, where underage drinking (fake) and other fake illegal substances were present. The new cadets challenge? to gain control of the event and make sure the teens were returned safely to their parents.

8th Grade Mitten Tree

At the beginning of winter the 8th grade sponsored a school-wide mitten drive to help area families keep their fingers warm. All of the mittens collected were donated to the Women's Shelter.

Halloween

Another year of Halloween takes over Proctor High School! Both students and teachers got into the spirit, dressing up as mimes, cows, cats, babies, and... Mr. Lawrence?? Nice costume Cooper!

Summer Spanish Exchange Students

Hola, Bienvenidos!

This summer, a few students from PHS hosted Spanish students for a month, giving them the opportunity to learn about Spanish culture and help the Spanish students improve their English. They traveled to Boston and St. Flags New England together, and spent the rest of their time enjoying Vermont!

Dress To Express

Mystery Guest Laura James

We didn't know who we were going to see when we gathered in the gym for our assembly this fall. There was a definite buzz in the room. Much to our surprise Laura James (recent winner of America's Next Top Model: College Edition) walked in beside our own Alyssa Valerio! Laura spoke from personal experience and gave advice about cyber bullying and about setting goals and working to reach them no matter who discourages you. Afterwards, Laura offered to pose for photos and everyone took advantage of the opportunity! After school phase 2 of Alyssa's plan, "Dress to Express", began. Proctor students in grades 6 and 7 were treated to complete makeovers by the high school ladies. Racks were filled with clothing donated by Alyssa and friends, and each young girl got to pick an outfit to keep. Alyssa hopes her event helped to build confidence in the younger girls. Her message: "Find your style and express yourself!" The idea came to her after attending Hobby Leadership Program last summer. Thank you Alyssa for such an amazing experience! Alyssa used her passion for fashion and her connections to make the event a complete success!

NHS Induction

Record Number of Inductees!

The Redfield Proctor Chapter of the National Honor Society welcomed eleven new members on January 10th. Our superintendent Dr. Debra Taylor was the keynote speaker.

Nanoscale Science and Engineering @ University of Albany

Nano...what????!! Ask the Juniors!

Juniors got a glimpse into the future when they toured The College of Nanoscale Science and Engineering (CNSE) at the University at Albany. It's the World's first college to offer comprehensive baccalaureate programs in Nanoscale Science and Engineering- ground-breaking education and research curricular that uniquely prepares students for growing scientific opportunities in the nanotechnology-enabled careers of the 21st century.

7th Grade Team Building

Mummies at PHS??

Yes! The 7th grade did some team building with Mrs. Dowling and Mr. Lawrence after finishing a unit on Egypt. Prizes were given and everyone had lots of fun, especially the mummies!!

Tie-Dye in Chemistry

Ms. Wehof's Chemistry class tie-dyed t-shirts and one pair of shorts. They mixed their own dyes that they calculated the concentrations for themselves.

SADD Red Ribbon Tree

Proctor Peer Leaders help sponsor the Rutland area Red Ribbon Tree at the Diamond Run Mall. Every year a tree is placed at the mall in memory of friends and loved ones lost to drunk or drugged driving.

Technology in Science 7

Web Sites and Online Apps

Thanks to chrome books & laptops, students have more opportunities to learn using technology. Below 7th graders are using a Google App that shows the human body in 3-D. They also created their own web sites about the human body.

Freshmen Trip To Hulbert

Team Building And Lots of Fun

The freshman class traveled to the Hulbert Outdoor Center where they spent 2 1/2 days doing team building activities in the great outdoors.

Halloween Parade

Yellow Submarine

This year, the marching band came home from the Halloween Parade with the Mayor's Trophy and the "Best Costumed Marching Band" Award! The band performed Yellow Submarine by the Beatles. Their performance was enhanced by PHS student sailor dancers, the Captain and the Blue Meanie; characters made famous from the Yellow Submarine video, and... an unbelievable float! If you missed our float... it was AMAZING! It even had a canon that shot t-shirts out into the crowd.

Lady Phantoms vs. Cancer

Playing Ball With Heart

The Lady Phantoms and the town of Proctor raised over \$3300 for the Paul Wager Benefit Fund this year. Paul Wager, a long time former teacher at PHS is battling Mantle Cell Lymphoma. Too sick to be at the game, he watched it live through a PHS online streaming initiative. Mr. Wager was able to meet the team in person when they presented him with the check.

Winter Concert

PHS GeoBee Winner

Erin Flanders took 1st place in the PHS GeoBee and represented Proctor at the State GeoBee. Runners up Kayla Eugair and Emma Shaw went along to cheer her on.

The band performed their Winter Concert on January 30th.

Peer Leaders donate to Sandy Storm Relief

Duct Tape + Mr. Rosenberg = \$\$\$

High School Peer Leaders used a creativity and our competitive spirit to motivate us to help raise \$\$ to support families devastated by the storm Sandy that ravaged the east coast in October. It was a close race between Mr. Rosenberg and Mr. Johnstone; in the end Mr. Rosenberg won by a hair, or should we say a few quarters! The Peer Leaders presented over \$100 in change to our local chapter of the Red Cross and Mr. Rosenberg found himself duct taped to the wall for a little while!

Origami In Computer Class

Learning from the Internet:

Ms. Brooks challenged her Web 2.0 Tools students to use the internet to learn how to fold her dollar bills into origami as an introduction to a screencasting project. With the help of some good Google searches and YouTube videos, students had fun folding origami and gained insight into the dos and don'ts of creating "how to" movies.

Greek Mythology

PHS Seniors Hit the Stage

Members of Ms. Hoffmann's AP English put on something called a Dionysia, which would have been (in ancient Greece) a springtime play festival. They wore clothing that represented authentic costumes for the time period, including togas and masks and performed the final 2 scenes from Oedipus Rex for the 8th grade.

Mmm Mmm Good!

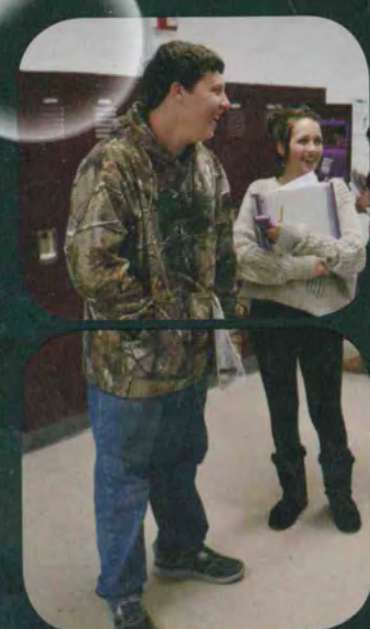

Students Take To The Kitchen For Some Hands-On Learning

3 Proctor seniors started a School Store selling snacks and supplies. They branched out and now they make homemade soups, chocolate chip cookies, brownies, and salads. The students are learning life skills that can be implemented in their future endeavors and we are benefiting from their learning as we buy their delicious food. It's a win-win situation!

a PROUD SOLDIER AND BROTHER

ABBY,

I NEVER THOUGHT THE DAY WOULD COME THAT MY BABY SISTER WOULD FINALLY REACH THIS IMPORTANT MILESTONE, AT LEAST NOT SO FAST ANYWAY. EVEN THOUGH WE ARE ONLY 2 1/2 YEARS APART I NEVER REALIZED THAT YOU WERE GROWING UP SO FAST. OVERCOMING OBSTACLES THAT YOU NEVER THOUGHT POSSIBLE AND SETTING GOALS THAT SEEMED TO TOUCH THE STARS. I'VE WATCHED YOU GROW SINCE THE DAY YOU WERE BORN, AND EVEN THOUGH WE HAD OUR DIFFERENCES I'VE NEVER BEEN SO PROUD OF MY BABY SISTER. FOR ALL THAT YOU HAVE ACCOMPLISHED AND FOR WHAT YOU STILL PLAN TO ACHIEVE,

TRUST ME IT'S A WHOLE OTHER WORLD OUT THERE. DON'T EVER FORGET WHERE YOU CAME FROM. I SURE HAVEN'T. ALWAYS REMEMBER THAT EVEN THOUGH I MAY BE AN OCEAN AWAY, I WILL BE THERE FOR YOU. I GIVE YOU MY WORD AS A SOLDIER, AND A BROTHER, THAT THE BOND BETWEEN US WILL NEVER FALTER, WILL NEVER BREAK, AND WILL ALWAYS GROW STRONGER. YOU INSPIRE ME TO DO THE BEST JOB I CAN DO AS A SECURITY FORCES MEMBER AND I CAN HONESTLY SAY THAT I HAVE NEVER BEEN MORE PROUD TO BE AN OLDER BROTHER, OR SOLDIER THAN NOW.

I LOVE YOU BABY SISTER,
NOW AND ALWAYS.
REMEMBER TO ALWAYS
HAVE FUN AND DO YOUR BEST!

Love,
YOUR BIG BROTHER

Ryan,

Character, focus, patience and drive matched with a winning smile and positive attitude are just a few ways we use to describe you. We are so very proud of you! May your life be filled with much success, love and happiness. Always be safe and happy...We love you!
Mom and Dad

ALLY,

WE ARE SO VERY PROUD OF ALL YOU HAVE ACCOMPLISHED THESE PAST FEW YEARS! YOU ARE GOING TO DO JUST FINE OUT THERE IN THE "REAL WORLD"! AND REMEMBER....

"There are four kinds of people in this world:
those who make things happen
those who watch things happen
those who wonder what happened
those who don't know that anything happened!"

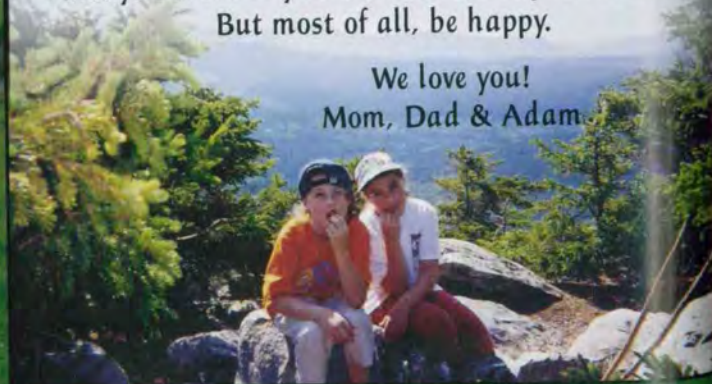

I LOVE YOU!
MOM, JOHN,
BRITTANIE,
ABIGAIL &
BETHANY!

Congratulations Sarah!

You have always made us so proud. You have so many gifts that will take you far in life. Your intelligence, your sense of humor, your kindness and compassion. Remember to always believe in yourself and the sky is the limit. But most of all, be happy.

We love you!
Mom, Dad & Adam.

Nicole,

We wish you all the success and happiness life has to offer. Be happy, be safe, and always remember we love you.

-Cathy, Rob, Jacob and Ryan

Stephannie,

You amazed us with your arrival, charmed and delighted us as you grew up, and you astonish us with your accomplishments. As you head towards your future...

The logo of the National Education Association (NEA) is a circular emblem. Inside the circle, three stylized human figures are holding hands, forming a triangular shape. The figure in the center is slightly taller and holds a book. Above the figures, a banner curves across the top of the circle with the text "A COMMUNITY OF EDUCATORS". Below the figures, another banner curves across the bottom of the circle with the text "EDUCATION FOR THE COMMUNITY".

"If The Picture Isn't Always Steady. If The Sound Is A Little Off. If The Focus Is Somewhat Blurry, Or You Got To The Game 6 Hours Early Is Got To Be"

Mr. Arlen Bloodworth has provided some of the most exciting sports filming and some of the best homecoming videos for Proctor High School. Retirement hasn't slowed him down. He is a devoted camera man who not only films almost every Proctor game, but on the side films for Peg TV. He does not have a business card for he does it for the love of filming.

The Making of our Book:

Theme: Our theme is US; our town and our school. We are proud of who we are and where we are from. We're proud to be a phantom.

It's hard to explain what Proctor is like to those who haven't experienced it. It kind of has a utopian feel to it (look it up), like we live in a bubble. Others say it reminds them of "Leave it to Beaver," a TV show from way before most of us were born. It's a town where you can walk the streets at 2:00 am and feel safe. You can walk into a friend's house without knocking and if you've been here your whole life, the whole town is basically your extended family. Out for a walk or jog? You might just know everyone who drives by.

Our school reflects our town. We're friendly. Yes, we prepare students for a future just like other schools, but it's the other things that really define us. First of all, we're small! When graduates take their yearbook to college and show the picture of all of us on the front lawn to their new friends, most assume it's a photo of the senior class, NOT the whole school! Sometimes you might feel that we're too small, like everyone is in your business; it's hard to slip through the cracks and go unnoticed but on the flip side, a lot of times we hold each other accountable for what we say and do.

We're good at sports! For such a small school it is AMAZING how often we excel in athletics. 6 Championships this year and last year, no wonder we're referred to as title town. It's something to be PROUD of! Our athletes have lots of support and it's awesome when they can feel the support of Proctor behind them, win or lose. The community gets behind our athletes. Just look at their facebook posts at the end of a season or after a championship. It is sprinkled with things like "proud to be a phantom".

We're kind of like a family in a way, teachers and students. In bigger high schools when seniors ask teachers to write them recommendations for college, students wonder if a teacher will know them well enough to be able to write one. We definitely don't have that problem here. Often teachers and students are together in classes year after year. And we're so small that everyone pretty much knows everyone, even if you don't have classes with them. It's not a surprise to find a few teachers at a soccer or basketball game, a graduation party, a class fund-raiser, or community event. You bump into them at the fair and say hello outside the tractor building, or visit for a few minutes at the lake during the summer, or at Friendly's after some ice cream. We get to know each other as people and we learn about each other as we spend time together. Alumni (that's the term for a graduate or former student) come back to visit and often it's the teachers they are visiting, not the students.

All over town people young and old wear maroon & white. Signs pop up in people's front yards at championship time. We think the boys said it best at the varsity girls basketball game against Westside. Westside boys were taunting our boys shouting "2.AND.0! 2.AND.0!". Our comeback? One of our boys held up a well decorated Varsity Phantoms jacket and the Phantom crowd went WILD! Westside may have beaten us a few times this year but we will ALWAYS be the Phantoms!
